R Packages: Whole Game

2019-08-29

We're going to make a package
right now

usethis::create_package("evalue")

```r
library(devtools)

library(usethis)
```

use_r("evalue")

http://bit.ly/evalue_function

🔨 **Build**

✔ **R CMD Check**

Edit DESCRIPTION

use_mit_license("Your Name")

use_roxygen_md()

🔨 **Build**

✓ **R CMD Check**

use_testthat()

use_test("evalue_works")

use_package("purrr")

use_git()

use_github()

Resources

R Packages, 2nd Edition: The work-in-progress second edition of R Packages. Uses the most cutting edge tools to make your life easier. Free online.

R Packages, 1st Edition: The first edition of R Packages. Still very good! Free online.
